FEARLESS FIGHTERS BLOOD DRIVE CHALLENGE - JUNE 22

Chino Hills, CA – The City of Chino Hills will host a Fearless Fighters Blood Drive Challenge on Tuesday, June 22 from 12:00 pm to 5:00 pm at the Government Center parking lot, located at 14077 Peyton Drive. The Fearless Fighters Blood Drive Challenge invites our local Chino Hills Police Department, Chino Valley Fire District, and other first responder agencies to take part in a friendly competition to collect the most blood donations to assist patients in need. The public is also invited and welcome to support the Blood Drive Challenge by joining the community's first responders and donating blood during this event.

Donors will receive a limited edition, Fearless Fighters t-shirt while supplies last. LifeStream is following all protocols including social distancing, sanitation, and cleaning. Their staff are using personal protective equipment and all donors are required to wear face coverings. Donors must be in good health and weigh at least 110 pounds. Parental consent forms are available at www.lstream.org and are required for blood donors ages 15 - 17. Blood donors should drink plenty of decaffeinated liquids prior to donating blood and must present a valid photo identification. Medical personnel will check your temperature, blood pressure, pulse, and iron level. If you meet eligibility requirements, about one pint of blood will be collected.

Appointments are recommended and can be made by phone at (800) 879-4484 or online at www.LStream.org/CityofChinoHills. Walk-ins will be accepted if space allows. For additional information, please visit www.LStream.org/COVID-19.

The City continues to host weekly blood drives every Tuesday through the end of June from 12:00 pm to 5:00 pm daily at the Government Center parking lot located at 14077 Peyton Drive. There is also a week-long blood drive scheduled from Monday, June 7 – Friday, June 11 from 12:00 pm to 5:00 pm daily at the Government Center parking lot.

LifeStream is testing all successful (complete) blood donations for antibodies to SARS-CoV-2, the coronavirus that causes COVID-19. This testing is provided free of charge as an additional benefit to donors. This test shows whether you have been exposed to the virus in the past, not if you are currently infected. Visit www.chinohills.org/AntibodyTestFAQs for additional information.
