**CITY OF CHINO HILLS INITIAL REDISTRICTING DRAFT MAPS  
AVAILABLE ONLINE FOR VIEWING AND PUBLIC COMMENT –  
DEADLINE TO SUBMIT A MAP IS MONDAY, JANUARY 31**

Chino Hills, CA – The City of Chino Hills is seeking community involvement and public input on draft maps for the redistricting of Chino Hills City Council districts. Every 10 years, local governments use new census data to redraw district lines to reflect how local populations have changed. Redistricting determines which neighborhoods and communities are grouped together for the purposes of electing a Council member.

Residents are encouraged to share how they think district boundaries should be drawn to best represent their communities. Public mapping tools are available online at the City's redistricting website of [www.chinohills.org/Redistricting2022](http://www.chinohills.org/Redistricting2022) for community members to draw their own maps and submit them to the City Council for adoption consideration. As of today, a total of four maps have been posted online for viewing. The deadline to submit maps to the City for consideration by the City Council is Monday, January 31, 2022. All submitted maps received by this date will be posted online for viewing and public comment.

Since June 2021, the City Council has held a series of public hearings to take public testimony on communities of interest and suggestions to district boundaries, and a community workshop to help residents learn how to use the online map drawing tools. The next public hearings will be held on Tuesday, January 25 and Tuesday, February 22 in the Chino Hills Council Chambers located at 14000 City Center Drive to discuss and revise draft maps and identify preferred maps to focus on. From there, a preferred map will be identified for adoption by the City Council before the City's deadline to adopt and submit the map to the San Bernardino County Registrar of Voters on Sunday, April 17.

Community members are encouraged to be involved in the process by submitting drawn maps, attending the upcoming public hearings to provide input on the draft maps, or submitting written testimony on draft maps by email to [redistricting@chinohills.org](mailto:redistricting@chinohills.org). To find out more about the redistricting process or view recordings of previous public hearings visit [www.chinohills.org/Redistricting2022](http://www.chinohills.org/Redistricting2022).
