

HOW DOES MEASURE U AFFECT RHNA

- The State Regional Housing Needs Assessment (RHNA) allocations override local residential growth control ordinances, including Measure U.
- City of Chino Hills Measure U states:

Notwithstanding the foregoing, the City Council may increase residential density as necessary to meet the City's minimum mandated Housing Element requirements as set forth in California Government Code §65580, et seq., as amended from time to time, including, without limitation, the City's share of regional housing needs.
