PERMIT REQUIREMENTS

- Payment of Applicable Fees
- One (1) – Completed Application
- Two (2) – Rough Grading Plans
- Three (3) – Executed Grading Bonds, see Information and Procedures

INFORMATION AND PROCEDURES

- ❖ A representative from the Engineering Division shall review the application and plans for completeness and compliance of applicable codes.

- ❖ The Engineering Division will notify the applicant when the application has been approved.
- ❖ The applicant shall provide a grading bond equal to 100% of the total estimated cost of the grading work. The grading bond shall be fully executed in triplicate.
- ❖ Applicable permit fees shall be paid at time of permit issuance. The applicant shall obtain a separate retaining wall permit from the Building and Safety Department.
- ❖ The permittee shall notify the public works inspector a minimum of two (2) working days prior to the start of work.
- ❖ The permittee shall notify DigAlert by dialing eight-one-one (8-1-1), at least forty-eight (48) hours prior to excavation.
- ❖ The permittee shall contact the inspector one (1) working day in advance to schedule an inspection.
- ❖ If the project is not completed prior to the expiration date, the permittee may apply for an extension.
- ❖ Once rough grading is completed and verified by the public works inspector, the Engineering Division will cancel the grading bond and provide a written notice to the permittee.
